

Rewriting Prompt

The input <Query>, generated through template filling with city and project names, is processed according to the following guidelines, rather than being directly answered:

1. The <Rewritten Query> is output in the specified example format.
2. The <Query> is rewritten, not answered. Rewriting methods include, but are not limited to, inversion and synonym replacement. Keywords within the query, such as project names, years, months, or time ranges, are preserved.
3. To enhance sentence diversity, creative modifications are permitted, provided that the original meaning and the keywords remain unchanged.
4. Note: The reference date is December 31, 2022. All queries pertain to future predictions.

#####Example 1#####

<Query>:What will the average price at Wanli Yazhu in Putuo District, Shanghai be next month?

<Rewritten Query>:Could you please estimate what the average price at Wanli Yazhu in Putuo District, Shanghai might be next month?
